

English:

„Deutsch und mehr“ combines German learning support for school-aged children/adolescents with a language learning offer for their parents or close relatives. While the students are supported by learning guides, their parents can take their first steps in the German language. In addition, information about school and education topics in Austria is provided and important questions about school life are dealt with together. Parents and children study in one place at the same time.

Our Offer:

For children/ adolescents (6-15 years)	For parents/ close relatives
<ul style="list-style-type: none"> ➤ German learning support ➤ Support 	<ul style="list-style-type: none"> ➤ First steps in German ➤ Information about the Austrian school system

Who can participate:

- Persons entitled to asylum
- Persons subsidiary beneficiaries of protection
- Displaced persons from Ukraine
- Third-country nationals with right of residence

The offer is available for school-age children/young people aged 6-15 and their parents or close relatives.

Joint registration of children and parents/close relatives is a prerequisite for participation.

Participation is free of charge.
