

WIENERSOMMERLERNEN

WienerSommerLernen is an initiative of the City of Vienna. Its aim is to support Viennese pupils who need learning support or assistance during the summer months by providing offers to help them get off to a good start in the new school year. WienerSommerLernen consists of two different offers in is aimed at different target groups. The **Wiener Sommerdeutschkurse** (Viennese Summer German Courses), run by Interface Wien in cooperation with the Vienna Department of Education, are specifically designed for exceptional students. The **Sommerlernstationen** (Summer Learning Stations), which are implemented by the Wiener Volkshochschulen, are open to all compulsory school pupils in Vienna. Registration for both offers starts on 2 May 2023.

INTERFACE WIEN – WIENER SOMMERDEUTSCHKURSE

The Wiener Sommerdeutschkurse are specifically aimed at exceptional students registered in Viennese primary school and lower secondary school (Mittelschule, AHS Unterstufe, Polytechnische – and Fachmittelschulen). The aim of the courses is to promote and deepen competences in the German language. If required, literacy-classes are offered in combination with the German course at lower secondary level. Exceptional students can expand their German skills or acquire basic skills if they have only been in Austria for a short time.

The courses last two weeks and take place in groups up to 16 students. They are pedagogically tailored to the age group of the students and include excursions and field trips.

The courses will take place from **10 July to 18 August 2023** at five school locations in Vienna. Regular course attendance gives students the opportunity to have their German skills tested again within the first two weeks of school (MIKA-D Test).
